2019 Fourth Quarter Newsletter

From Mayor Logan Carter

The new City of Hallsville quarterly newsletter is intended to provide you with another resource for information, schedules, and events in our city. Thank you to City Administrator/City Clerk Kenyetta Ridgway-Sample and Deputy Clerk Laura Moss for creating this resource for our citizens.

I hope everyone had a safe and enjoyable Halloween, despite the cold weather. The Hallsville Park Board hosted a fantastic 4th Annual Trick-or-Treat in the Park on Saturday, October 26th. I would like to thank all the volunteers, businesses, and organizations that came together to make this year's event one of the biggest. The Hallsville School District was gracious enough to host our last minute venue change due to the rain.

The Hallsville Park Board deserves recognition for their dedication to our community through events and the upgrades being implemented at Tribble Park. Recently, our Public Works Department has added new metal roofs to the Durk and Jaycee shelters and installed a new play structure! The decision was made to also move one of the existing toddler playgrounds closer to the new equipment. This allows for more cohesive play and supervision for families! A special thank you to the Rocky Fork Fellowship Youth Ministry for helping repaint the shelters and picnic tables. The work will continue, as weather permits, with additional playground borders and protective mulch being placed under and around existing equipment.

Lastly, I would like to encourage all citizens to exercise your civic responsibility on November 5, 2019. Hallsville residents will be asked "Shall the wastewater (sewer) utility owned by the City of Hallsville, Missouri, be sold?" Allow your vote to be your voice.

Logan Carter, Mayor

Trash

Public Works Spotlight

The Hallsville Public Works is currently staffed with three full-time employees and during the summer hires an additional two seasonal employees.

Tyler Spears is the newest full-time Public Works Assistant. Tyler started with the City in December of 2018. Since joining the Public Works Department, Tyler has earned his Drinking Water Distribution Class II operators certificate. What Tyler likes most about his job is that there is always something new to learn and you never know from day to day what knowledge will come in handy. Since Tyler started with the City, Public Works has started repairing and maintaining their own machines and vehicles in an effort to save money. He has been a mechanic in the past and wanted something that he could apply that knowledge to while learning something new.

Hallsville Police Department Spotlight

The Hallsville Police Department is currently staffed with three full-time officers, two part-time officers, and five reserve officers.

Jeff Voss joined the Hallsville Police Department in March of 2019 as a part-time officer. In June he became a full-time officer and in July was promoted to Sergeant. Prior to Hallsville, Sergeant Voss spent four years in the United States Army and has worked in law enforcement since 2006.

Voss is most proud of being able to help the community he serves in more ways than one. When asked what was something that the public may not know about being in law enforcement, Voss stated that what most people know about cops is from watching TV or reading someone's firsthand experience from Facebook. This is why people believe that every arrest must be immediately followed by a Miranda warning, that there is a team of FBI agents who fly to crime scenes in an executive jet and solve the case within days, that detectives in one major PD can move to another, and that cops who are involved in shootings are back to work the next day. Voss advised that he was born in Hallsville in the mid 80's and has always considered it his home.
